2016 Charity Golf Tournament

Mission: The Austin Buis Foundation is a 501(c)(3) non-profit organization that provides funds to those that otherwise could not afford to go to a treatment facility.

In the summer of 2007 we tragically lost our beautiful 21 year-old son/brother to drugs. This was devastating to our entire family. As a result of our loss, we set up the Austin Caleb Buis Foundation. We would like to honor our son by reaching out to help those who are fighting substance abuse. We pledge to use the donations to provide for those that otherwise could not afford to go to a treatment facility. Our goal is to give these individuals the tools needed to go on and live a life of sobriety by offering scholarships to various local Arizona treatment facilities. It has been our experience that everyone knows of a family or friend that is struggling with addiction and we know first-hand the hurt of watching the downward spiral caused by this disease.

To date, we have sponsored 15 individuals who have completed treatment and are on a path to recovery. With your help, we know that we can make a difference.

We deeply appreciate any and all donations to this cause.

Sincerely,

Tom, Debbie, Ryan & Jordan Buis
